**Mr Mubarak Salem al Safran**

**The Managing director/ chairman**

**Q**atar plastic additives & Industries Group was established on 1999, the group is ISO 9001:2015 certified since 2003 with ambitious vision to feed the the Qatari market with high quality and high standards product equal to the international brands .

We are proud to be from the first factories that introduced different plastic products with high quality products for the construction , contacting and Petrochemical industries .

we have participated in the most prestigouse projects in the state of Qatar in the last 20 years like Stadiums , Rail ,.....Etc .looking forward to continue in developing our factories and products .

### **Our group is consisting from three companies :**

#### 1- Qatar pipeline and Fittings (QPF )

Specialized in plastic piping systems and accessories like (uPVC , PPRC,HDPE ,.....)

#### 2- Qatar plastic additives co (QPAC )

Specialized in producing Plastic additives , Master batches and Preblends that serve Petrochemical and Plastic factories .

#### 3- Qatar Plastic compounding Co (QPCC)

Producing plastic soft compounds for the cable industry and rigid compounds for upvc fittings.

Our companies follow the highest levels of quality measures testing our product in our high technical quality testing equipment to check all our products before introducing to the Qatari market .

### COMPANY PROFILE

#### A Well-Known Company

**QATAR PIPELINE & FITTINGS COMPANY** has a good reputation based on many years of experience in the industry. The company came into being in 1999 as a limited liability company; we were established on the basics of being special & unique in the state of Qatar, we have since developed into a market leader in Qatar as manufacturers of **PLASTIC PIPES & FITTINGS**, and importers of **BUILDING & CONSTRUCTION MATERIALS**. Our company is a Part of **QATAR PLASTIC ADDITIVES & INDUSTRIES GROUP (QADDCO)**.

#### Our Aims

To provide the best Engineered Products & Solutions to residential our customers.

On time delivery and quick reply to customers inquiries.

To offer our customers a wealth of information, technical support & customer service that meet and many times exceed customer requirements.

## The Quality

If you want first class results, you need high quality, mature products. In our many years of cooperation with manufacturing & construction trades, we have had the time to collect a wide range of experiences, for these reasons, we always provide quality that you can rely on.

As well, we are **ISO 9001:2008** certified company, means we are able to put our customers in a position to process the materials that we provide with no difficulties at all.

**QPF** have the most advanced laboratory to test the pipes & fittings according to the highest standards.

**QPF** has been tested, supervised & certified by Marley-UK, Prandelli-Italy, Unidelta-Italy & Comer- Italy to manufacture PLASTIC PIPES with full accordance to their manufacturing standards which are originated from the relevant international standards, as all pipes will carry our commercial name.

**QPF** also authorized, tested & certified by most of the relevant governmental authorities & the services to use our products at their projects.

## International Brands

**T**o meet the high quality standards we pledge to our customers, we require the highest quality products from our suppliers.

**We** are dealing with the biggest manufacturers & suppliers of **PIPE'S FITTINGS** and **BUILDING & CONSTRUCTION MATERIALS** (Marley-UK,COES-Italy, Comer-Italy, Unidelta-Italy).

## Employees

The experienced employees of it perform their job with care so that your business interests are achieved.

**QPF** sales team consists of many qualified and capable sales engineers to understand technical requirements, problems faced by the site engineers and provide them solutions at site.

The team is capable to obtain additional technical support from our over-seas partners and we are confident of ourselves to extend an efficient and good quality service to our valued customers.

## Delivery

**Delivery** is one of our strong attributes, dedicated team is able to deliver our products to your sites in a fast, prompt and professional manner. Wherever you are, whether day or night our team is ready to cover your needs.

## Vision

From all the mentioned facts above, we see that we have a very promising future & prosperous outcome that lay ahead.

**We** believe that with best planning & implementation of proper policies that will enhance the use of all the company's resources, the company is becoming to be one of the best companies in Qatar.

**We** only seek to be the best & we thing that we deserve to be the best.

## MAJOR PRODUCTS

### A. Pipe Systems

#### 1. UPVC (Polyvinyl Chloride) Pipes & Fittings:

- **Non Pressure Pipes:** are manufactured in cooperation & with license from Marley-UK, for soil & waste (above Ground), sewerage & drainage (below ground).
- **High Pressure Pipes:** are manufactured in cooperation with Comer-Italy, for water supply, irrigation & industrial water & gas pressure systems.
- **PVC Telecom, Electrical Ducts and Conduits:** are manufactured with accordance to the international standards & with accordance to KAHRAMAA & Q-TEL standards.
- **UPVC electrical conduits and Fittings**

#### 2. PPRC (Polypropylene Random Co-Polymer) Pipes & Fittings:

This type of pipes is manufactured in cooperation & with license from Prandelli-Italy for the hot and cold potable water systems also for the Gas & all types of liquids.

#### 3. PE (Polyethylene) Pipes: are manufactured in cooperation with Unidelta-Italy.

- HDPE (High Density Polyethylene) Pipes.
- MDPE (Medium Density Polyethylene) Pipes.

#### 4. PVC Fabricated Fittings:

In addition to the pipes, QPF also fabricate the necessary long bends, collars & perforated pipes which are essential to the above systems.

### Qatar Plastic Additives Co. (QPAC)

**Qatar plastics Additives Company (QADDCO)** was established in the year,1999. Although we started the company as a Master Batch & Additive Company, our approach is national, regional & global depending upon each market.

We were established by securing the knowledge of the development & the production of plastic additives & master batches by having highly skilled & specialized engineers , which led us to the achievement of adopting to our customers demands & specifications.

Our growth has been due to many factors like excellent technical and expertise commercial team which enable us to be competitive in each of the business.

We started production in 1999 and hold an excellent record of supply of anti blocking Master Batch as well as Additives for consecutive 18 years to QAPCO & Other local plastics companies in Qatar.

**Plastic Additives Factory**

**Plastic Additives Factory**

**Preblend Factory**

## Qatar plastic Compounding Co. (QPCC)

### Company profile

The company was established in the year 2012 to produce the plastic compounds for the different usage in the industry using very high tech machines .

QPCC produces soft PVC compounds for the insulation of cables as per the international standards

Also QPCC produces the rigid compounds for the uPVC fittings manufacturing using injection molding .

QPCC can also produce the compounds used for Bottles ,shrink shoes ,hoses ,Fences and window gaskets .
